Miss E. G. Schultz, Departure Evokes Social Activities

About twenty guests met at a non-hostess party at the home of Mrs. D. L. Farmer on Thursday evening of last week to bid farewell to Miss E. G. Schultz, principal of Champion Consolidated School, prior to her departure from Champion to accept a position on the Calgary Junior High School staff as teacher in the James Short Junior High. The entertainment feature was bridge—Miss Schultz winning first and the consolation to Miss Laurie. During the evening Mrs. Harry Smith, on behalf of the guests, presented Miss Schultz with a beautiful leather brief case and camera, voicing regret at her departure and well wishes for the recipient in her future field of endeavor at Calgary, to which Miss Schultz responded appropriately. A dainty luncheon was a pleasing feature of the evening. Miss Schultz, who has been a member of Champion school staff for the past six years and

E. organization, of which she was an active member and Past Regent. Gatenby left on Saturday afternoon for Castle River (via Pincher Creek) in quest of all or any of the big fishes that have gotten away from anglers since the beginning of time. The party were unfortunate in that it rained heavily Saturday evening at Pincher Creek where they holed up for the night and in the morning decided to change their destination to Carpenter Creek where in spite of all precedents the big fish didn't get away. The gang claim much prowess in their casts and claim to have been surfeited with finny beauties which ravenous appetites devoured by the dozens—however, in partial corroboration of their fish stories they brought home Tuesday night one nice Bull trout measuring 18 inches—and unsmilingly state this to have been the smallest victim of their skill—there are five claimants for honors as to who caught the big fish when the butcher at Pincher threw it at the bunch.

Instructions Re Addressing Mail To Troops In Canada

The incomplete addressing of mail intended for soldiers at training centres in Canada is the cause of numerous delays in delivery. Hon. William P. Mulock, K. C., Postmaster General, to obviate this situation, again requests the full co-operation of the public in writing out in full the correct and complete address on all military mail.

It is essential that the Post Office place-name should always be included in the address of mail posted to soldiers still in Canada.

Mail for delivery in Canada should be addressed with the usual complete particulars—Regimental Number, Rank and Name, Name and details of Unit (i. e., Company or Section, Squadron, Battery, holding Unit, etc.) and Name of Regiment or branch of the service, in full; and the NAME OF THE POST OFFICE WHERE THE SOLDIER'S UNIT IS LOCATED.

Mail for Delivery Overseas should bear the Regimental Number, Rank and Name of soldier, Name and Details of Unit, (i. e., Company or Section, Squadron, Battery, Holding Unit, etc.) Name of Regiment or branch of the service in full—and the words Canadian Army Overseas, but no place-name should be given.

All letters should be fully prepaid, and a return address should be given in the upper left-hand corner.

who may have such items in the recesses of their sleeves to drop into The Chronicle office and divulge in a business-like way—your business to give and ours to receive with thanks and publish.

Mrs. C. Davis, accompanied by Mrs. Gordon Urquhart were Calgary visitors last week-end.

'JOCK'S WAGGIN' TONGUE

Vol. 5 Thur., July 3 No. 26
Jock McIntyre, Editor

We are still very badly in need of rain as practically all the crops in the district are suffering. West of town on July 2, there was a nice shower from Racher's west and Guy Voiey reports .33, otherwise she is dry.

If you are considering a used car, see our stock, a 1931 Chev. delivery, a 1931 Ford sedan, a 1931 Ford coupe, a 1935 Ford sedan, a 1938 Chevrolet sedan and a 1940 Chev. sedan, all re-conditioned and rarin' to go.

Again Bob Truba has pointed out to the boys that "crime doesn't pay," Alex will vouch for this too.

It's time to see about hail insurance if you are in need of protection. We handle only Alta. Hail Board Insurance. A five dollar bill will give you protection on your crops up to \$5.00 an acre. Investigate!

Horace Gill is sufficiently deflated now that he is down to earth, Flo, baby, Bud and Horace are all doing fine now. Marshal Sanford seems normal too by now. Our good wishes to Flo, baby and Bud.

Chan wax in two pound tin and a large bottle of wax remover and cleaner all for the price of the wax.

Watts, Griffin, Campbell, Gatenby and Henderson all say that it can rain up in the hills anyway.

Could you use a good thermos bottle or jug? We have them in sizes up to one gallon.

Our genial sports promoter Shorty couldn't take the Ball Club's defeat in Lethbridge, it must have put him in hospital at least he was there and looks it.

Three good used Coleman gas stoves and a full line of new stoves, why not give the good wife a break this hot weather?

Dick Latiff and Don. Stephenson are on holidays in Champion. Dick makes quite a papa, see his smile?

THE PRESS AND LOCAL HISTORY

Few people, as they read their weekly newspapers realize that they are reading perhaps the only contemporary history of their community it is possible to read. It is doubtful too if they realize that as each issue gets old, the more valuable it becomes, and that the files of a newspaper are from a historical standpoint, or incalculable worth.

The newspaper files are the most authentic history of the community available. They tell the story of the community's life as it happens. Past

history is important to those who live in the present.

Few people who contribute to the news columns of the newspaper are aware that they are contemporary historians. They are chronicling the events of community life for posterity, and generations hence will read the story they have told, and from the struggles of this day they will gain inspiration for the struggles of their day. The newspaper preserves the story of our ideals, our problems and our lives, and those who contribute to the news columns of their local newspaper are therefore doing a valuable service for "those who follow in their wake."

For this reason it is essential that contributors write so that the reader twenty-five or fifty years hence may understand the import of the story. For instance some writers are apt to consider a story of interest only to their particular organization, rather than to the

community as a whole. Occasionally one reads an item about a young people's meeting in which John does this, and Mary does that. To the average reader this doesn't convey anything even at the time, and it would convey less a quarter of a century after it is written. If the same organization wanted to check back for historical purposes many years after John and Mary would not convey to them who were the active members of their group in by-gone days.

The newspaper is truly the archives of the community, and as such, is of increasing value to the community as its files grow older. The readers are therefore personally a part of the newspaper, because their contributions to its columns are helping to record the history of the age in which they live.
